## LAUNCHING OF THE GUZANG PUBLIC LIBRARY PROJECT

### LAUNCHING SPEECH OF HIS HIGHNESS THE FON OF GUZANG

I have the honour and joy to be here with all my notables to launch the Guzang Public Library Project given to us by MEDA USA for the benefit of the entire Batibo Sub-Division.

My heart is full of joy to welcome this wonderful and unprecedented gesture of development given by the sons and daughters of Moghamo in the USA.

We are full of enthusiasm to note with great appreciation that this time it is not only the sons and daughters of Guzang but the sons and daughters of the Batibo Sub-Division who have seen the need and importance of putting Batibo Sub-Division into the global World Communication age.

We are proud that our children whom we nursed and educated, have grown and become mature to lead us in our development endeavor, emancipate us from ignorance and place us among the cultures of the world through this project.

I am happy that on behalf of all Moghamo people and children, we are certain of a bright future, a future where knowledge and information will foster and ensure the development of our people.

I thank MEDA USA and their leadership for their love, concern and interest in the development of their brothers and sisters at home.

I think this is the first such initiative and it is our prayers that the Almighty God should bless them so that they can continue to help our Sub-Division with many more such development projects.

We welcome this project with joy, pride and enthusiasm and we look forward to see its full realisation whose opening, I believe shall surely be done by the Batibo Sub-Divisional Administration in the presence of the Traditional Rulers and people of Moghamo.

We send our greetings, love and appreciation to MEDA USA for this Guzang Public Library Project and will do all in our power to see it succeed.

On behalf of the people of Guzang, I officially launch the Guzang Public Library Project this 29<sup>th</sup> day of December 2006.
