TO THE MOGHAMO COMMUNITY IN THE USA
C/o MEDA-USA.

Subject: Letter of appreciation in respect to your support to HIV/AIDS infected or affected people receiving care at the Batibo Treatment Centre.

Dear Sir/Madam,

I have the pleasure to write to acknowledge your financial support to HIV/AIDS patients receiving care in our hospital. For now, we have received from Mr. Njei Moses 600 000 Frs (six hundred thousand francs) representing the first and second disbursement from the total amount of money you sent. I have to say you are the first organization to fund the Batibo Treatment Centre HIV/AIDS Fund and this aid is very helpful for the community back here at home. Indeed, it has been helping to pay laboratory investigations and antiretroviral drugs for needy patients, and many lives have been saved thanks to this money. Now ~~our day~~ HIV/AIDS does not more kill. What kills is poverty couple to ignorance. Therefore I wish to appeal ^{that} you should not relent your effort in giving hope to those infected with the AIDS pandemic.

Receive warmest greetings from the entire hospital staff.

If you have any query about the management of the fund, do not hesitate to contact me.

Sincerely,

THE CHIEF MEDICAL OFFICER
